The route

In Roussillon, Agly Valley, Fenouilledes country, extends a wide variety of famous vineyards in a rocky decor, all along the Corbieres mountains. From the top of a cliff, the castle of Queribus defies you.

In the Aude part, just fall under the spell of deep forests in Cathar Country, with the important fortress of Puilaurens. Impressive tunnels and viaducts are waiting for you, all around Axat. Enjoy the beautiful views following the Aude river, known for white-water sports.

Our trains

The comfortable railcars "Caravelle" and "Picasso" are on the Grand Tour in April, May and October. From June to September, between Rivesaltes and St Paul de Fenouillet.

The panoramic train with its covered and open carriages takes over in June to September between St Paul de Fenouillet and Axat.
